

## ISBUC 2<sup>nd</sup> ANNUAL MEETING: PROGRAMME

Victor Haderup Auditorium, Panum Building, Blegdamsvej 3B

14<sup>th</sup> September 2018

09:00	REGISTRATION AND POSTER INSTALLATION	
09:30	WELCOME	
09:40	SESSION I	
09:40	<b>"Towards a mechanism for transactivation"</b> Xavier Salvatella, IRB Barcelona, Spain	Chair: Claus Juul Lølland
10:20	<b>"Membrane transporters"</b> Preben Morth, DTU, Denmark	
10:45	COFFEE BREAK	
11:15	SESSION II: Junior ISBUC (for everyone)	
11:15	<b>Introduction to the Junior ISBUC Network</b> Elena Longhin and Anders Varming	
11:20	<b>"Towards an universal protein crystal host system"</b> Janina Sprenger, Department of Chemistry	
11:40	<b>"Structural and functional characterization of the apical domains of human CCT"</b> Danyang Wang, Novo Nordisk Foundation Centre for Protein Research	
12:00	<b>"Lytic polysaccharide monooxygenases: interactions with substrate"</b> Tobias Tandrup, Department of Chemistry	
12:20	<b>"How do buried residues get phosphorylated?"</b> João Henriques, Department of Biology	
12:40	<b>Wrap-up</b>	
12:45	LUNCH AND POSTERSESSION (Stand by your posters from 13:00)	
14:25	SESSION III	
14:25	<b>"The structure of polysaccharides in the plant cell wall: primary structure, and interactions"</b> Paul Dupree, University of Cambridge, Great Britain	Chair: Kresten Lindorff- Larsen
15:05	<b>"Integrative dynamic structural biology with fluorescence spectroscopy"</b> Claus Seidel, Heinrich-Heine-Universität Düsseldorf, Germany	
15:45	FINISHING REMARKS	
15:50	POSTER SESSION, POSTERPRIZE AND REFRESHMENTS	
17:45	END
